*“The African diaspora refers to the communities throughout the world that have resulted by descent from the movement in historic times of peoples from Africa, predominantly to the Americas and among other areas around the globe. The term has been historically applied in particular to the descendants of the West and Central Africans who were enslaved and shipped to the Americas via the Atlantic slave trade between the 16th and 19th centuries, with their largest populations in Brazil, the United States, and Haiti.”*

**“Staten Island Black Heritage Family Day,”** is to honor the vast and diverse cultures of people that originated from the continent of Africa. We celebrate our diversity that derived from our common experience that placed us in different lands though the world.”
